

How to allow pop ups in Chrome:

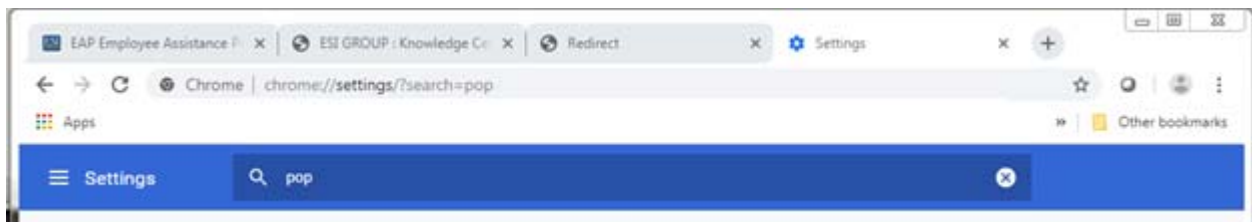

1. If you don't get the Knowledge Center to open when clicking Continue on the pop up warning page, click the menu icon in the top right corner of Chrome (3 dots).

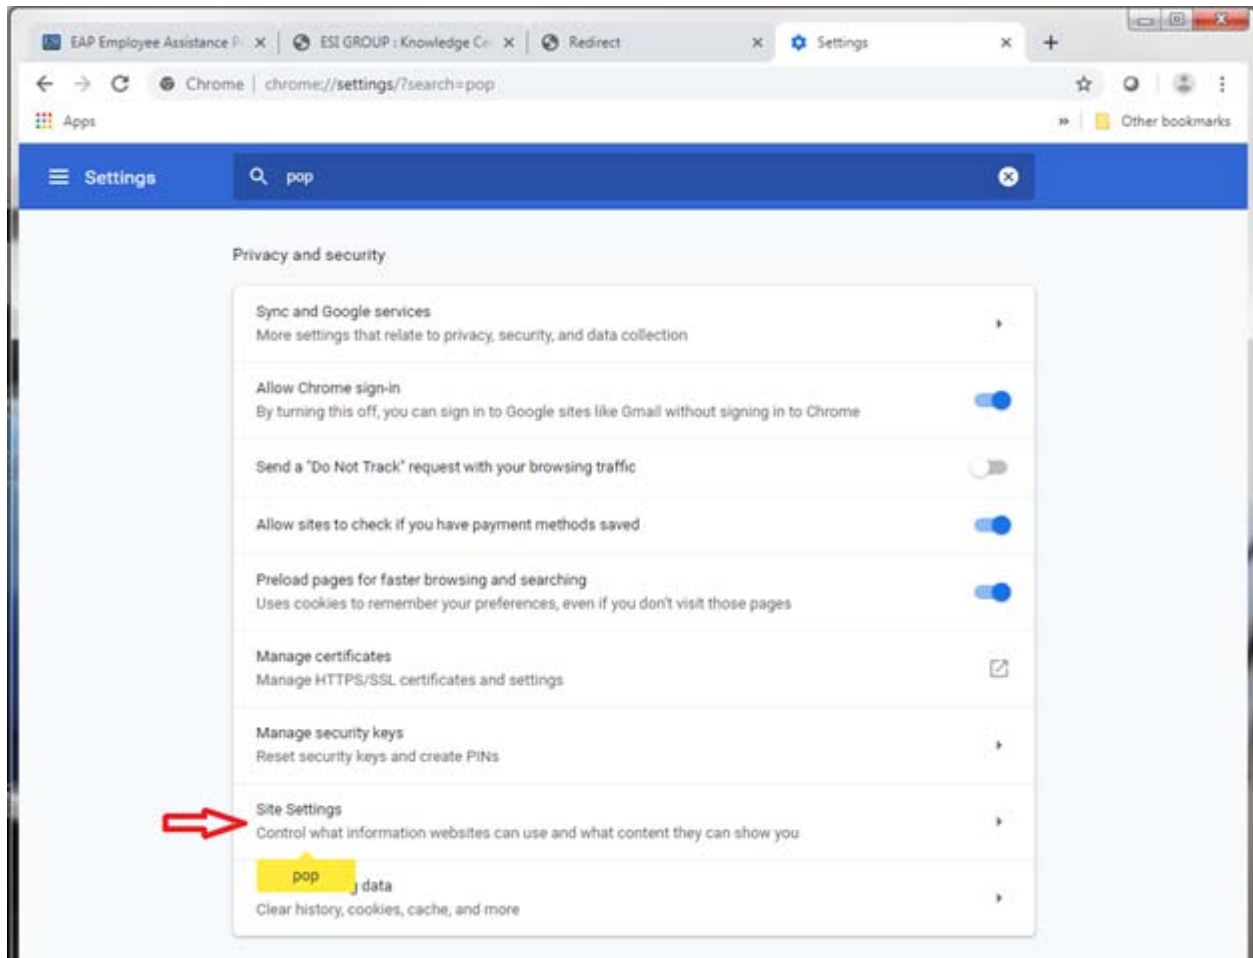

2. Click on Settings in the menu.

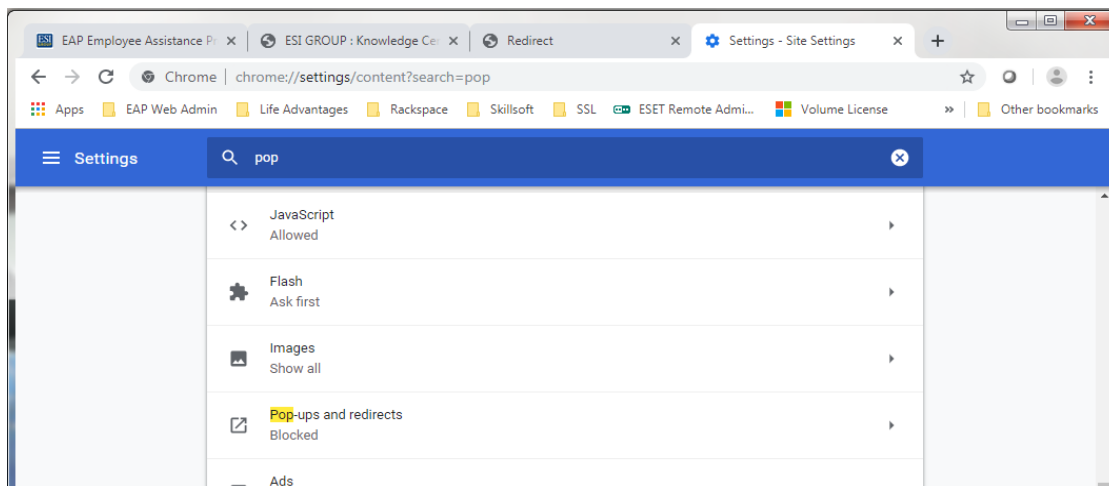

3. On the Settings screen, click in the search box inside the blue bar. Type in "pop".

4. In the results you will see a yellow comment box pointing toward Site Settings.
Click on Site Settings.

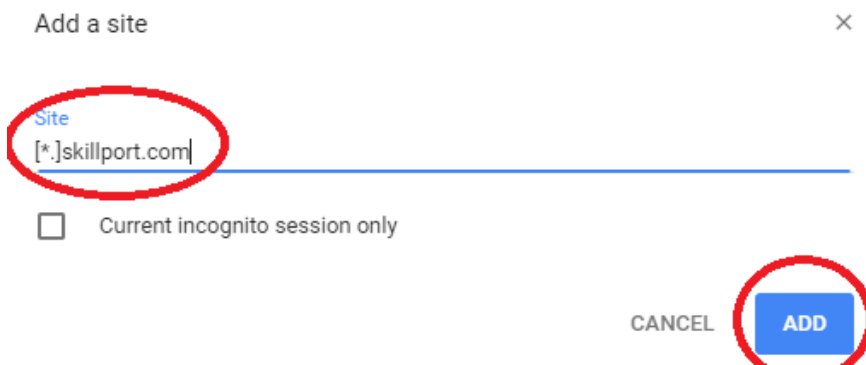

5. Scroll down and click where it says Pop-ups and redirects

6. Click on Add next to Allow.

7. Click on the line under "Site" and type [*.]skillport.com, then click Add button.

8. Close the Settings tab by clicking the X in the tab.

9. Click on the tab that says "Redirect".

10. Click Continue and the Knowledge Center will open.
