

Back to school for grown-ups!

No matter what our age, learning new skills and brushing up on our current skills is always a satisfying and valuable thing. And the perfect time to think of that is early autumn, when thoughts of school are in the air. Many adults carry that “back-to-school” feeling as summer winds to a close. Don’t be left out – September can be a second chance to turn over a new page and begin a fresh “new” year.

If you want to jump on that back-to-school bandwagon, ESI EAP has a wide range of learning benefits that you can explore. Just login to www.PublicSafetyEAP.com to check out these great educational opportunities:

Delta Variant FAQs

The Delta Variant of Covid-19 is super contagious and accounts for most Covid-19 cases in the US. The best protection is to ensure that you are vaccinated. Also, in public places and crowds, rely on the Covid-19 best practices to ensure safety for you and others: masking, hand washing, and safe distancing. Here are a few helpful resources:
